

Stock levels not updating from Sage?

When new items are added to Sage, or you need to realign stock levels for any reason and want to update your stock on hand in Data Fusion please follow the steps below.

- 3) Carefully check all option checkboxes to filter out to the list you want displayed. The system will show you Sage on hand as well as Data Fusion on hand.

Fusion Import Opening Balances

Find ☐ Limit to Sage Zero Balances ONLY

☐ Show Zero Balances ☐ Show Mis-matched Only
